

SinkFix[®]

by **RAWLPLUG[®]**

R-SFX-M10-300

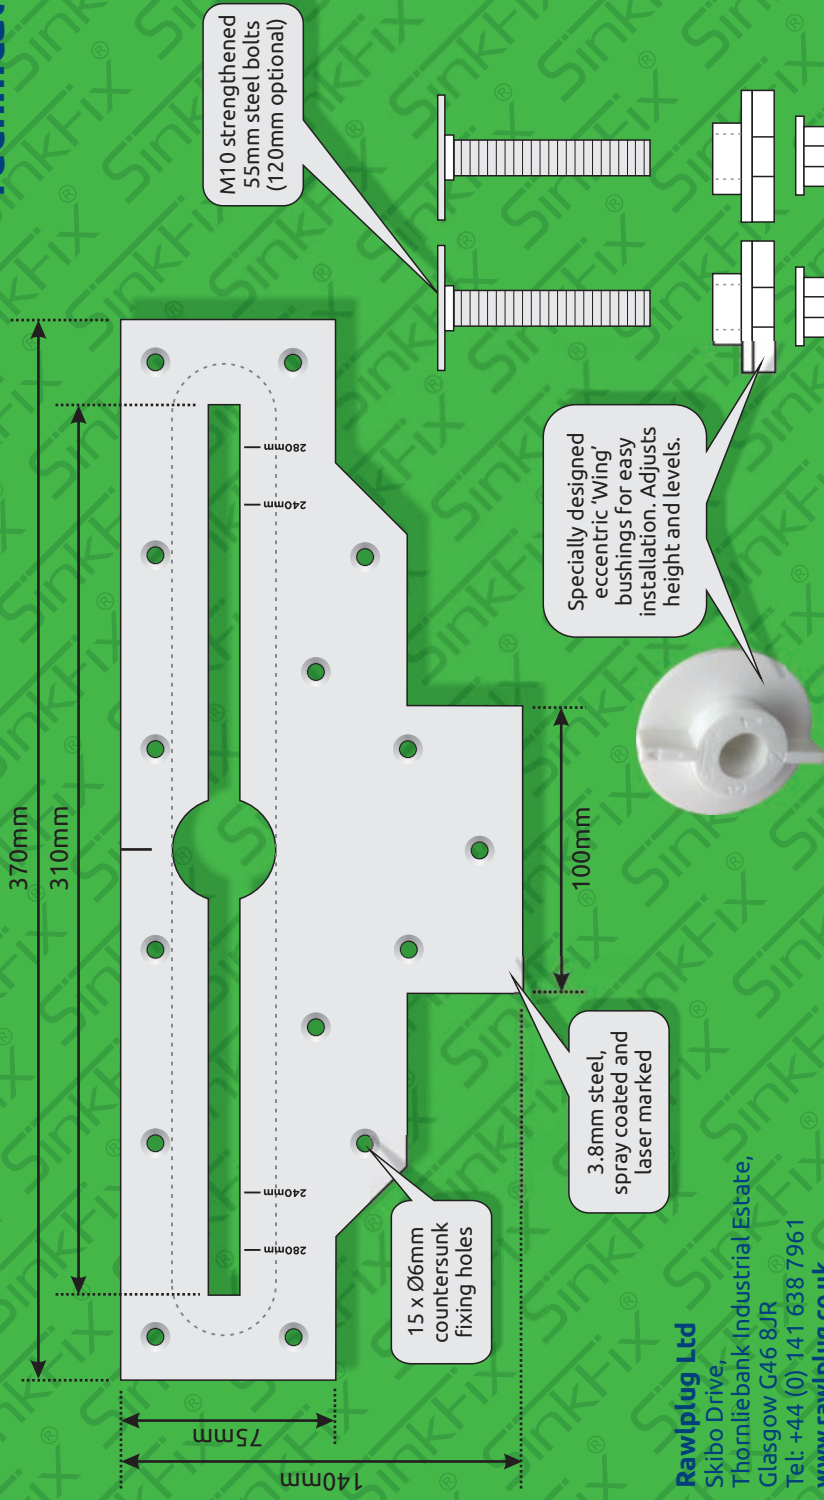

- M10 fixing bolts adjust up to 300mm apart to align with the majority of wash basin fixing hole distances
- Large enough to spread the Load, small enough to be covered by even the slimmest of wash basin designs
- Vertical & horizontal levels can be fine tuned as can side to side positioning
- Excellent for plasterboard/stud walls or where the wall is of poor quality
- 15 x Ø6mm countersunk holes allow fixing choices
- Easily readjustable for future basin replacement

The modern choice for Professional Installers
